About TTM Resources Inc.

TTM Resources Inc. is a Vancouver, British Columbia based Molybdenum Development and Exploration Company focused on the resource development of the Chu Molybdenum Project where the initial NI 43-101 Resource estimate is **Indicated Resource - High Grade Mo of 57.1 Million Tonnes of .104% Mo (0.08% cutoff)** as part of 235 Million Tonnes of 0.067% Mo (0.040% cutoff) and **Inferred Resource – High Grade Mo of 44.4 Million Tonnes of 0.100 % (0.08% cutoff)** as part of 221.5 Million Tonnes of 0.063% Mo (0.04% Mo cutoff)

Currently there are two diamond drills operating on the CHU Project engaged in resource expansion and resource category upgrading activities. A third drill rig is being delivered once permitting is completed, to be used for exploratory drilling on other areas of interest. A NI 43-101 report and geophysical survey have been completed. Metallurgical testing and an economic pre feasibility study are underway.

About BTV-Business Television

BTV, is a half-hour weekly business program, profiling emerging publicly trading companies across Canada and the USA. With Host Taylor Thoen, BTV features companies at their location, interviews the company's key executives, features their products and services, and unveils their plans for future growth.

Additional information about the Chu Molybdenum Project is provided on the Company's website at <http://www.ttmresources.ca/>
